Experience

Sales Representative, Verizon – Covington, WA November 2025 – April 2026

- Converted 75% of prospects into customers through consultative, plain-language communication, building genuine relationships and trust with local community members.
- Explained complex topics like coverage, signal strength, and device compatibility in accessible terms, using diagnostics data to back every recommendation.
- Consistently achieved 110-130% of sales quota by matching the right solution to each customer's needs and staying responsive through proactive follow-ups.

Web Design Intern, RSVP – Sai Gon, Vietnam July 2022 – September 2022

- Increased client satisfaction by 20% through delivery of high-quality, customized email marketing templates tailored to each audience and brand voice.
- Communicated directly with international clients to translate branding and tone requirements into design concepts, coordinating with a team of 4 developers.
- Designed a Figma mock-up for the company's landing page refresh, establishing a consistent visual identity across web and email content.

Front Desk Assistant, Public Safety Department, Bellevue College – Bellevue, WA June 2023 – August 2023

- Designed digital and physical outreach materials using Canva, improving on-campus parking communication and advertising.
- Reduced parking-related inquiries by 15% through clearer, more effective informational design.
- Supported community members with calm, on-brand service in a fast-paced public-facing environment.

Projects

Resume Automation MCP - LaTeX, YAML, GitHub Actions github.com

- Built an automated content pipeline that turns a single data source into polished, format-consistent documents, cutting manual production time by 90%.
- Used LLM-driven content selection to adapt tone and focus of every output to match its audience and purpose.

Stock Ratio Tracker - Python, React, Typescript github.com

- Architected a real-time data pipeline feeding a live dashboard, giving users a clear, visually appealing view of complex data at a glance.
- Selected and integrated a high-performance visualization library so viewers could monitor performance metrics quickly and intuitively.
